

MORAGA TRAFFIC STUDY

PROPONENTS:
MORAGA

PROJECT NO:
1620

DESCRIPTION:

The purpose of this traffic study is to examine the likely impacts of alternative residential and commercial development in Moraga on traffic density between Moraga and Highway 24.

Through the study, the Town of Moraga will examine whether 1) alternative to single-family housing, such as Workforce housing & student housing, and additional business/retail development intended to serve local Moraga market would reduce the traffic density on roads linking Moraga to Hwy 24.

STATUS:

Funds have been appropriated for the study. Study is underway.

FUNDING SOURCES (\$ X 1000):

Measure C (Esc.\$) ^{1,2}	<u>211.0</u>
TOTAL	\$ 211.0

¹ Measure C funds shown in escalated dollars. Actual commitment is in 1988 dollars.
² Lamorinda Regional fees are anticipated to supplement Measure C funds potentially up to \$268,000.
