

CROW CANYON ROAD IMPROVEMENTS

PROPONENT:
CITY OF SAN RAMON

PROJECT NO:
1718

DESCRIPTION:

This project provided the following improvements for Crow Canyon Road from west of Bollinger Canyon Road to the San Ramon City limit:

1. Mitigation of chronic existing peak period traffic congestion by providing an extended westbound climbing lane and eastbound turn channelization.
2. An asphalt concrete overlay on Crow Canyon Road from Bollinger Canyon Road west to the City of San Ramon city limit.
3. Construction of a raised median west of Bollinger Canyon Road.
4. Traffic signal modification.
5. Street lighting.
6. Minor street widening that provides an

additional eastbound through right turn lane at the intersection.

This project is funded from a combination of funds including TEA-21 funds, STIP funds, local funds and City development fees. Measure C funds were mainly used for construction of the climbing lane and turn lanes.

STATUS:

Construction completed in 2001.

FUNDING SOURCES (\$ X 1000):

TEA-21	485.0
STIP	100.0
Local	119.0
