

CAMINO PABLO (SAN PABLO DAM CORRIDOR)

**PROPONENT:
ORINDA**

**PROJECT NO:
1801**

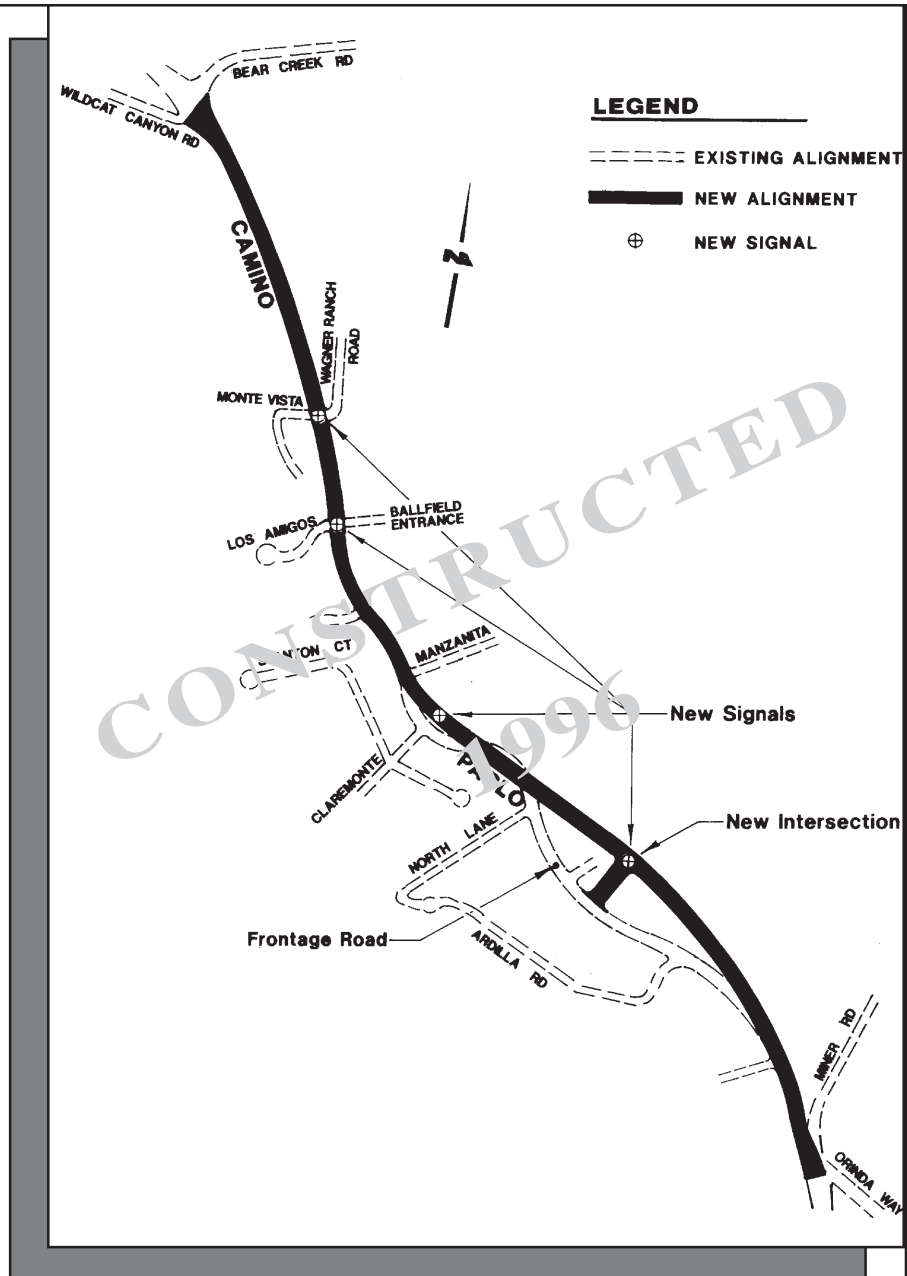

DESCRIPTION:

Camino Pablo is the southeast portion of the San Pablo Dam Corridor, and is used as a link between the Richmond area and central Contra Costa County. It is often used to bypass traffic congestion on the I-80 corridor and has high peak-hour volumes creating local congestion in the City of Orinda.

The Camino Pablo project improves and realigns Camino Pablo in Orinda as a two-lane roadway and provides left turn lanes and separated pedestrian and bicycle paths.

STATUS:

Construction completed in 1996.

FUNDING SOURCES (\$ X 1000):

Measure C (Esc.\$) ¹	<u>5,014.9</u>
TOTAL	\$ 5,014.9

¹ Measure C funds shown in escalated dollars. Actual commitment is in 1988 dollars as shown in Appendix A.
