

# Electronic Bicycle Facilities at El Cerrito del Norte, El Cerrito Plaza, and Richmond BART stations

## Project Number

10002-03

## Project Sponsor

Bay Area Rapid Transit District (BART)

## Project Type

-  Transit
- Highway
- Local Streets
- Major Arterial
-  Bike/Pedestrian
- Other

## Project Scope

Purchase and install electronic bicycle facilities to increase bicycle storage capacity to accommodate existing and future bicycle parking demand at the El Cerrito del Norte, El Cerrito Plaza, and Richmond stations. Design bicycle parking area to include signage and other enhancements to create an inviting and functional facility.

## Funding Sources (\$ in million)

<b>Total</b>	<b>0.4</b>
Measure J Transportation Sales Tax <sup>1</sup>	0.4

<sup>1</sup>Measure J funds shown in escalated dollars. Actual commitment is in 2004 dollars as shown in Appendix A.

## Electronic Bicycle Lockers at El Cerrito del Norte, El Cerrito Plaza, and Richmond BART stations *(cont.)*

### Need/Purpose

The project goal is to increase bicycling to transit by providing convenient, secure bicycle parking throughout the BART service area. The directives of the BART Strategic Plan call for a shift away from the parked single occupant vehicle to other modes. The 93 secure bicycle parking spaces will provide needed capacity for the projected demand by the year 2015.

### Possible Segmentation

This project can be segmented by separating funding for El Cerrito del Norte, El Cerrito Plaza, and Richmond stations.

### Issues

None

### Current Status

BART has engaged a contractor and production of electronic lockers has begun. Installation of lockers will begin in the fall 2011.
