Project Scope

Construct a two-lane bridge over Walnut Creek connecting Waterworld Parkway with Meridian Park Boulevard.

Funding Sources (\$ in million)

Total	12.8
Measure J Transportation Sales Tax ¹	3.5
Other (TBD)	9.3

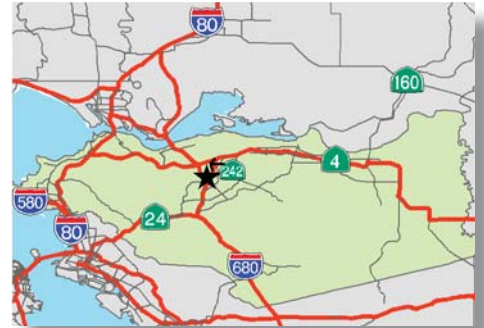

¹Measure J funds shown in escalated dollars. Actual commitment is in 2004 dollars as shown in Appendix A.

Waterworld Parkway Bridge (cont.)

Need/Purpose

The proposed bridge over Walnut Creek is identified as a critical transportation link in the City of Concord Redevelopment Strategic Plan. It connects vacant and under-utilized parcels along Waterworld Parkway to Meridian Park Boulevard and Willow Way. The addition of this bridge enhances access to Interstate 680 and State Route 242 and improves traffic on the local street system. The project also reduces traffic congestion on Willow Pass Road and Concord Avenue.

Project Location

Possible Segmentation

N/A

Issues

Improvements may require right-of-way acquisition.

Current Status

Project in preliminary planning stage. A traffic study will be completed to find the best alignment over the Walnut Creek Channel.
