

Electronic Bicycle Facilities at Central Contra Costa BART Stations

PROJECT # 10001 – 04

The project goal is to increase bicycling to transit by providing convenient, secure bicycle parking throughout the BART service area. The directives of the BART Strategic Plan call for a shift away from parked single occupant vehicles to other modes of access.

Did You Know?

BART ordered 410 new train cars in 2012 at an average cost of about \$2.2 million per car.

Scope

Install secure bicycle parking spaces at Concord, North Concord, Walnut Creek, and Pleasant Hill BART stations. The bicycle parking area design will include signage and other enhancements to create an inviting and functional bicycle parking area.

Status

- To date, a total of 208 spaces have been installed at the Walnut Creek, Pleasant Hill, Concord and North Concord stations.
- Additional spaces will be installed at the Concord BART station.

Issues/Areas of Concern

- None.
